Kam, 14 Feb 11.01 [Star] [Reply] [More]

Dear Sir,  
I have responded your question as in below, but you have not yet decided whether my manuscript is accepted or not.  
Thank you very much.  
Awaiting decision.

Yours sincerely,

Dr. Nana Herdiana Abdurrahman.

My previous response:  
"The problem exists in most of organizations in this country including the schools is the effective control, the maintaining the spirit of teamwork and the emendment of the not so good culture in organizational attitude, eventhough there are planned and well planned program and procedure). The process of teamwork in the State Senior High School (SMA N) of Ciamis Regency is not so favorable. the Head of the Ciamis District Education Office Service, should focus more on providing solutions to each school problems.  
The problem of school performance owing to personnel not so good in teamwork spirit.  
The control of management, condition of school culture.  
There is unfavourable condition and rules applied as for the opportunities for each school personnel to develop the potential for creativity.  
Unappreciated achievement of personnel may discourage the spirit of advanced achievement and development among the staff.  
Based on the facts of problems we perform the research entitles Management Control Model, Organizational Culture, Teamwork Process, And Senior High School Performance."

That are the problems, So I hope you would like to accept the manuscript and publish in your journal.

**Dr. Nana Herdiana**  
Awaiting your response.... Thank you.

**Further comments of the evaluator for the author ( authors ) of the paper:**

It is suggested that the author changes the title to make it more in accord with the body of the text. The main issue of the research should be more elaborated. Scientific analysis of the research should be more elaborating. the main propositions of the paper are crystal clear. The conclusion part should also contain more details expressing if other researches in the field support the results. The English errors need to be edited by a native English. The author should use more up to date references supporting the literature. The research method should be more elaborating and comprehensive.
