Keywords : *Possessive Adjective, Possessive Pronoun, Truth Meaning*

In this reserach, the writer discusses differences in meaning by using possessive adjective and possessive pronoun through truth meaning in *The Most Dangerous Game*. Before reviewing meaning, the first discuss is the functions of both possessive in the sentence. Truth meaning will be obtained after examining the relationship between one sentence with another sentence. It is formulated in three reserach questions, namely: 1) What is the function of possessive adjective in a sentence? 2) What is the function of possessive pronoun in a sentence? and 3) What are the differences meaning using a possessive adjective and possessive pronoun through truth meaning in semantics?

This study examines possessive adjective and possessive pronoun differences in truth meaning studies. The theory used to analyze possessive adjective and possessive pronoun functions is the theory of Robert Krohn's (1990) book, while the theory to examine truth meaning is the theory of John I Saeed and Andrew Bernardin.

This research obtained data through research methodology. The research methodology uses descriptive qualitative. The data is obtained by identifying, classifying, and making conclusions through documentation study techniques.

In this study there are several truth meaning types based on the theory used. The differences meaning between possessive adjective and possessive pronoun are: Possessive pronoun is more meaningful than possessive adjective besides Possessive pronoun avoids repetition of words to reinforce a meaning while possessive adjective uses repetition of words to reinforce a meaning.

The results of the study is found 42 data. The first problem is function possessive adjective there are found 34 data. For the second problem, there are 8 data of function possessive pronoun. The third problem is the differences meaning between the possessive adjective and possessive pronoun. The possessive adjective meaning with 27 data, and the results is priori truth 4 data, posteriori truth 22 data, personal truth 19 data, social truth 6 data, and universal turth 2 data whereas possessive pronoun with 8 data and the result is posteriori truth 8 data and personal truth 6 social truth 2 data data.

Kata kunci ; *Possessive Adjective, Possessive Pronoun, Truth Meaning*

Pada penelitian ini, penulis membahas tentang perbedaan makna dengan menggunakan *possessive adjective* dan *possessive pronoun* melalui *truth meaning*. sebelum mengkaji makna, terlebih dahulu akan membahas fungsi dari kedua *possessive* dalam kalimat. Setelah itu, *truth meaning* akan didapatkan setelah mengkaji dari antar hubungan satu kalimat dengan kalimat lainnya. Hal tersebut dirumuskan dalam tiga reserach question yaitu: 1) Apa fungsi *possessive adjective* dalam sebuah kalimat? 2) Apa fungsi *possessive pronoun* dalam sebuah kalimat? dan 3) apa saja perbedaan makna menggunakan *possessive adjective* dan *possessive pronoun* melalui *truth meaning*?

Penelitian ini mengkaji tentang perbedaan makna *possessive adjective* dan *possessive pronoun* melalui kajian *truth meaning*. Adapun teori yang digunakan untuk menganalisis fungsi *possessive adjective* dan *possessive pronoun* adalah teori dari buku Robert Krohn (1990) sedangkan teori untuk mengkaji *truth meaning* adalah teori John I Saeed dan Andrew Bernardin.

Penelitian ini mendapatkan data melalui metodologi penelitian. Adapun metodologi penelitian ini menggunakan *research method* yang digunakan adalah deskriptif kualitatif. Data tersebut diperoleh dengan cara mengidentifikasi, mengklasifikasi, dan membuat kesimpulan melalui teknik studi dokumentasi.

Pada penelitian ini terdapat beberapa tipe *truth meaning* berdasarkan teori yang digunakan. Adapun perbedaan makna antara *possessive adjective* dan *possessive pronoun* adalah: *Possessive pronoun* lebih kuat maknanya dari pada *possessive adjective* selain itu *Possessive pronoun* menghindari pengulangan kata untuk mempertegas sebuah makna sedangkan *possessive adjective* menggunakan pengulangan kata untuk mempertegas sebuah makna.

Hasil dari penelitian tersebut ditemukan data sebanyak 42 data. Pada permasalahan pertama fungsi *possessive adjective* ditemukan 34 data. Pada permasalahan kedua fungsi *possessive pronoun* ditemukan 8 data. Permasalahan ketiga, perbedaan makna antara kedua *possessive*. Makna *possessive adjective* dengan 27 data hasilnya adalah *priori truth* 4 data, *posteriori truth* 22 data, *personal truth* 19 data, *social truth* 6 data, dan *universal turth* 2 data. Sedangkan makna *possessive pronoun* dengan 8 data dan hasilnya adalah *posteriori truth* 8 data dan *personal truth* 6 data *social truth* 2 data.
