ABSTRACT

Tasya Asrina, Public Relations Strategy of the Ministry of Religious Affairs of Bekasi city office in Increasing a Positive Image.

The Ministry of Religious Affairs of Bekasi city is a government institution in the field of vertical agencies of the Ministry of Religious Affairs of the Republic of Indonesia. Public Relations Office of the Ministry of Religion of Bekasi City has a negative image in the view of employees to improve the image into a positive image through the Public Relations strategy.

This study aims to describe the public relations strategy in improving the image through the POAC concept at the Ministry of Religious Affairs of Bekasi city, including Planning, Organizing, Actuating, and Controlling to increase a positive image.

The research was carried out using an interpretive approach as well as descriptive research methods and data collection through in-depth interviews, passive observation and documentation.

The results of this study show that the public relations strategy carried out by the Ministry of Religious Affairs of Bekasi city office has been carried out in four stages on the POAC concept, namely 1) Planning public relations strategy in improving a positive image through the planning process and planning contributions, 2) Organizing public relations strategy in improving a positive image through the implementation of knowing the divisions and teams formed, 3) Actuating public relations strategy in increasing a positive image, carrying out an action to implement a plan that has been planned, 4) Controlling public relations strategy in increasing a positive image of supervision carried out for a plan to achieve the goal.

Based on the results of research conducted by researchers, it can be concluded that the Ministry of Religious Affairs of Bekasi city office has carried out a public relations strategy, using the concept of POAC (Planning, Organizing, Actuating, Controlling).
