

ABSTRAK

RUSLAN GUNAWAN, NIM. 2200040081, *Aktivitas Siswa dalam Mengikuti Majelis Taklim Hubungannya dengan Sikap dan Perilaku Keberagamaan Siswa di SMK Penida 1 Katapang Kabupaten Bandung.*

Untuk menciptakan siswa dan siswi di SMK Penida 1 Katapang bersikap dan berperilaku keberagamaan yang baik, sebagaimana yang diamanatkan pada Tujuan Pendidikan Nasional. Telah dilakukan upaya pembinaan akhlak di kegiatan majelis taklim seperti memberikan pemahaman keagamaan agar berbicara sopan sesuai tingkatan umur, salam, sapa, melaksanakan kegiatan shalat dzuhur, sebelum memulai kegiatan belajar ada ceramah keagamaan, dan kunjungan ke panti asuhan. Namun dalam kenyataannya masih banyak siswa dan siswi yang berperilaku tidak sesuai harapan. Seperti melawan kepada guru, tawuran, berbicara kasar, dan lain sebagainya.

Tujuan penelitian ini adalah untuk 1) Menganalisis aktivitas siswa dalam mengikuti Majelis Ta'lim di SMK Penida 1 Katapang, 2) Menganalisis bagaimana sikap keberagamaan siswa dalam mengikuti Majelis Ta'lim di SMK Penida 1 Katapang, 3) Menganalisis bagaimana perilaku keberagamaan siswa dalam mengikuti Majelis Ta'lim di SMK Penida 1 Katapang, 4) Menganalisis hubungan aktivitas siswa dalam mengikuti Majelis Ta'lim dengan sikap keberagamaan di SMK Penida 1 Katapang, 5) Menganalisis hubungan aktivitas siswa dalam mengikuti Majelis Ta'lim dengan perilaku keberagamaan di SMK Penida 1 Katapang serta, 6) Menganalisis hubungan aktivitas siswa dalam mengikuti Majelis Ta'lim dengan sikap dan perilaku keberagamaan di SMK Penida 1 Katapang.

Penelitian ini dilakukan sebagaimana penelitian sebelumnya yang pernah dilakukan bahwa keberadaan majlis taklim berpengaruh terhadap perubahan - perubahan yang baik terhadap siswa di lingkungan sekolah. Dikatakan bahwa semakin tinggi tingkat aktivitas seorang siswa mengikuti kegiatan majelis ta'lim maka semakin sering pula stimulus yang diperoleh, sehingga dapat berpengaruh terhadap perubahan sikap dan perilaku keberagamaan siswa di sekolah.

Jenis penelitian yang dilakukan oleh penulis yaitu menggunakan jenis penelitian kuantitatif sedangkan metode yang digunakan dalam penelitian ini adalah metode korelasional. Studi ini dilakukan untuk mengetahui apakah terdapat pengaruh antara aktivitas majelis taklim terhadap sikap dan perilaku keberagamaan siswa di SMK Penida 1 Katapang. Teknik pengumpulan data yang digunakan adalah teknik observasi, kuesioner, wawancara dan dokumentasi.

Hasil penelitian ini antara lain : (1) Kegiatan majelis taklim di SMK Penida 1 Katapang cukup berperan dalam upaya memperkaya pengetahuan tentang keagamaan, hal ini karena ditunjang dengan adanya kegiatan yang bervariasi dan bertujuan untuk sarana syiar agama di sekolah, seperti kegiatan mentoring, marawis, kegiatan Jum'at keputrian, perayaan hari-hari besar Islam, pesantren kilat, bakti sosial, dan lain sebagainya; (2) Sikap keberagamaan siswa di SMK Penida 1 Katapang ada pada skala baik dilihat dari hasil kuesioner yang diberikan dengan prosentase ada pada 80% dari indikator yang diharapkan; (3) Perilaku keberagamaan siswa di SMK Penida 1 Katapang ada pada skala baik dilihat dari hasil kuesioner yang diberikan dengan prosentase ada pada 80% dari indikator yang diharapkan; (4) Kegiatan majelis taklim dengan sikap keberagamaan siswa terdapat pengaruh atau korelasi yang tinggi hal tersebut ditunjukkan dari hasil uji korelasi; (5) Kegiatan majelis taklim dengan perilaku keberagamaan siswa terdapat pengaruh atau korelasi yang tinggi hal tersebut ditunjukkan dari hasil uji korelasi; (6) Kegiatan majelis taklim dengan sikap dan perilaku keberagamaan siswa terdapat pengaruh atau korelasi yang tinggi hal tersebut ditunjukkan dari hasil uji korelasi

dimana Aktivitas siswa dalam mengikuti majelis taklim memberi pengaruh sebesar 71,20% dan 28,80% dipengaruhi oleh faktor lain.

ABSTRACT

RUSLAN GUNAWAN, NIM. 2200040081, Student Activities in Participating in Taklim Assembly Relation to Religious Attitudes and Behavior of Students at Penida 1 Katapang Vocational School, Bandung Regency.

To create students at Penida 1 Katapang Vocational School have good religious attitudes and behavior, as mandated in the National Education Goals. Efforts have been made to develop morals in the activities of the taklim assembly such as providing religious understanding so that they speak politely according to age levels, greetings, greetings, carrying out midday prayers, before starting learning activities there are religious lectures, and visits to orphanages. But in reality there are still many students who behave not as expected. Such as fighting against teachers, brawls, speaking harshly, and so on.

The aims of this study were to 1) analyze student activities in participating in the Ta'lim Assembly at Penida 1 Katapang Vocational High School, 2) Analyze how the religious attitudes of students take part in the Ta'lim Assembly at Penida 1 Katapang Vocational School, 3) Analyze how students' religious behavior in attending Ta'lim Assembly at Penida 1 Vocational School Katapang, 4) Analyzing the relationship between student activity in participating in the Ta'lim Assembly and religious attitudes at Penida 1 Vocational School Katapang, 5) Analyzing the relationship between student activity in attending the Ta'lim Assembly and religious behavior at Penida 1 Vocational School Katapang and, 6) Analyzing the relationship between student activity in participating in the Ta'lim Assembly with religious attitudes and behavior at Penida 1 Katapang Vocational School.

This research was carried out as previous research had done that the existence of the majlis taklim had an effect on good changes for students in the school environment. It is said that the higher the activity level of a student participating in the ta'lim assembly activities, the more often the stimulus is obtained, so that it can affect changes in attitudes and religious behavior of students at school.

The type of research conducted by the author is using a type of quantitative research while the method used in this research is a correlational method. This study was conducted to find out whether there is an influence between the activities of the taklim assembly on the attitudes and behavior of the diversity of students at Penida 1 Katapang Vocational School. Data collection techniques used are observation techniques, questionnaires, interviews and documentation.

The results of this study include: (1) The activities of the taklim assembly at Penida 1 Katapang Vocational School play a significant role in efforts to enrich knowledge about religion, this is because it is supported by varied activities and aims to be a means of spreading religion in schools, such as mentoring activities, marawis, women's Friday activities, celebrations of Islamic holidays, Islamic boarding schools, social services, and so on; (2) The religious attitudes of students at Penida 1 Katapang Vocational School are on a good scale as seen from the results of the questionnaire given with the percentage being at 80% of the expected indicator; (3) The religious behavior of students at Penida 1 Katapang Vocational School is on a good scale as seen from the results of the questionnaire given with the percentage being at 80% of the expected indicator; (4) The activities of the taklim assembly with students' religious attitudes have a high influence or correlation, this is shown from the results of the correlation test; (5) The activities of the taklim assembly with students' religious behavior have a high influence or correlation, this is shown from the results of the correlation test; (6) The activities of the taklim assembly with the attitude and religious behavior of students have a high influence or correlation. This is shown from the results of the

correlation test where the activity of students participating in the taklim assembly has an influence of 71.20% and 28.80% is influenced by other factors.
